GREAT POLES: Fryderyk Chopin

Polish Home presents a screening of

THE ART OF CHOPIN

The documentary, *The art of Chopin*, was made by Gerald Caillat in 2009 to celebrate the 200th birthday of Fryderyk Chopin. The film combines a biographical look at the composer's life and his contribution to the 20th-century piano music. Some of the greatest pianists, Garrick Ohlsson, Bella Davidovich, Evgeny Kissin, Piotr Anderszewski and Yuja Wang, perform excerpts from Chopin's best-known works.
